EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 2/12/07, Mr. Christopher Kent requested an extension of time for 1 additional Month and authorized the Director to charge Deposit Account No. 06-0916 the required fee for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel non-elected claims 38-40 and 43.

Claims 1-33, 35, 37 and 42 are rejoined and allowed.

The following is an examiner's statement of reasons for allowance: None of the prior art, alone or in combination, discloses the Applicant's invention of a device for packaging or dispensing a cosmetic or beauty care product comprised of a receptacle containing the product, and a body comprised of a binder and a plurality of particles wherein the body is structured as claimed. It is noted that the cage 3 in the previously applied '940 Japanese reference is not considered to be a binder in that the

specification defines the body as having particles dispersed in a homogeneous manner in the binder (see paragraph 061) and the particles in the cage 3 are not considered to be dispersed in a homogeneous manner therein. Further, in the papers filed on 2/5/07, the Applicant indicates that the cage in the JP '940 device is not a binder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
